

## Photographic Permission Form

**Pictures of Unnamed Players:** Players may occasionally appear in photographs taken by individuals authorized by the soccer coordinator. The soccer program may use these pictures, without identifying the player, in various publications, including local news papers, Trenton Soccer website, and the Tri-county website. No consent or notice is needed or will be given before the coordinator uses pictures of unnamed players taken while they are in the Trenton Soccer program or any soccer-related activities.

**Pictures of Named Players:** Many times, however, the coordinator will want to identify a player in a picture. The coordinator will want to acknowledge those players who participate in soccer-related activities or deserve special recognition.

In order for the program to publish a picture with the player identified by name, one of the players parents or guardians must sign a consent form. Please complete and sign this form to allow the coordinator of the soccer program to publish and otherwise use photographs, with your child or ward identified, while he or she is enrolled in the soccer program.

**I grant consent to the Trenton Youth League Soccer Program to identify a picture of my child or ward, by full name, in any soccer- related material, publications, or websites. This consent is valid for the entire time my child or ward is in the Trenton Youth Soccer League. I may revoke this consent at any time by notifying the currant soccer coordinator.**
